

Boston Pizza is proud to be an active member of the community. We are pleased to introduce two great ways for organizations to fundraise.

### **Cash Back Program**

How does it work? Employees, friends and family can enjoy a great time out at Boston Pizza, and by depositing their receipts in the collection box your organization will earn money!

- **10%** rebate on all purchases before tax
- Valid on dine-in or take-out and delivery
- There is no cost to your organization and no financial risk

We will keep track of all receipts, keep you updated on a monthly basis and we will issue a cheque for the full amount at the end of the year.

### **Celebrity Server Fundraising Night**

Another opportunity for fundraising is our “Celebrity Server” event. This is a fun and easy way to raise money for your organization.

A part of the restaurant is reserved strictly for friends and relatives of the participants at the time of your event. Members of the organization will be the “Celebrities” serving their friends and family along side one of our skilled staff members.

**10%** of your sales (excluding taxes) from this event will be donated back to your organization. The more people participate, the more money is raised for your organization. The “Celebrity” servers taking part are encouraged to wear their uniforms.

Should you require additional information, please contact me directly at Boston Pizza. I look forward to speaking with you!
